INTRODUCTION

The following is a listing of the numbers allocated to local weights and measures authorities and approved verifiers for identification purposes on items of weighing or measuring equipment. Notes:

- (a) Where a number has been cancelled, the name of the last weights and measures authority to which the number was allocated is shown in brackets.
- (b) Numbers have not had static geographical locations; in the past numbers surplus to requirements in one area have been re-allocated to another part of the country.
